

# Infocommunications Journal

A PUBLICATION OF THE SCIENTIFIC ASSOCIATION FOR INFOCOMMUNICATIONS (HTE)

September 2023

Volume XV

Number 3

ISSN 2061-2079

## MESSAGE FROM THE EDITOR-IN-CHIEF

From Picosatellites to Quantum Genetic Algorithms  
– the latest proceedings of Infocommunications ..... *Pal Varga* 1

## PAPERS FROM OPEN CALL

Analysis of the WRC-23 Agenda Item Concerning the Future  
Use of the 470-694 MHz Band in Europe ..... *Hussein Taha, Péter Vári, and Szilvia Nagy* 2

Picosatellite identification and Doppler estimation  
using passive radar techniques ..... *Tibor Herman and Levente Dudás* 11

A Novel Strategic Caching and Availability Optimization for Wireless  
Unmanned Aerial Vehicle Communication Networks ..... *Mohamed El Amrani, Hamid Garmani,*  
*.....Driss Ait Omar, Mohamed Ouaskou, Abdelkarim Ait Temghart, and Mohamed Baslam* 18

Lightweight 4over6 Test-bed for Security Analysis..... *Ameen Al-Azzawi, and Gábor Lencse* 30

Holistic attack methods against power systems  
using the IEC 60870-5-104 protocol..... *János Csatár, Péter György, and Tamás Holczer* 42

Evaluation of Bone Conduction and Active-Noise-Cancellation  
Headsets Based on Listening Tests in a Virtual Environment ..... *György Wersényi* 54

Quantum Genetic Algorithm for Highly Constrained Optimization Problems  
..... *Abdulbasit M. A. Sabaawi, Mohammed R. Almasaoodi, Sara El Gaily, and Sándor Imre* 63

Blockchain-Based, Confidentiality-Preserving Orchestration  
of Collaborative Workflows ..... *Balázs Ádám Toldi, and Imre Kocsis* 72

Balancing Information Preservation and Data Volume Reduction:  
Adaptive Flow Aggregation in Flow Metering Systems ..... *Adrian Pekar,*  
*.....Laszlo A. Makara, Winston K. G. Seah, and Oscar Mauricio Caicedo Rendon* 82

## CALL FOR PAPER / PARTICIPATION

IEEE/IFIP NOMS 2024 / 5th Workshop on Management for Industry 5.0 (MFI5.0)  
IEEE/IFIP NOMS 2024, Seoul, South Korea ..... 95

IEEE/IFIP NOMS 2024 / First IEEE Workshop on Generative AI for Network Management (GAIN 2024)  
IEEE/IFIP NOMS 2024, Seoul, South Korea ..... 97

## ADDITIONAL

Guidelines for our Authors ..... 96

Technically Co-Sponsored by

# SCIENTIFIC ASSOCIATION FOR INFOCOMMUNICATIONS

## Who we are

Founded in 1949, the Scientific Association for Infocommunications (formerly known as Scientific Society for Telecommunications) is a voluntary and autonomous professional society of engineers and economists, researchers and businessmen, managers and educational, regulatory and other professionals working in the fields of telecommunications, broadcasting, electronics, information and media technologies in Hungary.

Besides its 1000 individual members, the Scientific Association for Infocommunications (in Hungarian: HÍRKÖZLÉSI ÉS INFORMATIKAI TUDOMÁNYOS EGYESÜLET, HTE) has more than 60 corporate members as well. Among them there are large companies and small-and-medium enterprises with industrial, trade, service-providing, research and development activities, as well as educational institutions and research centers.

HTE is a Sister Society of the Institute of Electrical and Electronics Engineers, Inc. (IEEE) and the IEEE Communications Society.

## What we do

HTE has a broad range of activities that aim to promote the convergence of information and communication technologies and the deployment of synergic applications and services, to broaden the knowledge and skills of our members, to facilitate the exchange of ideas and experiences, as well as to integrate and

harmonize the professional opinions and standpoints derived from various group interests and market dynamics.

To achieve these goals, we...

- contribute to the analysis of technical, economic, and social questions related to our field of competence, and forward the synthesized opinion of our experts to scientific, legislative, industrial and educational organizations and institutions;
- follow the national and international trends and results related to our field of competence, foster the professional and business relations between foreign and Hungarian companies and institutes;
- organize an extensive range of lectures, seminars, debates, conferences, exhibitions, company presentations, and club events in order to transfer and deploy scientific, technical and economic knowledge and skills;
- promote professional secondary and higher education and take active part in the development of professional education, teaching and training;
- establish and maintain relations with other domestic and foreign fellow associations, IEEE sister societies;
- award prizes for outstanding scientific, educational, managerial, commercial and/or societal activities and achievements in the fields of infocommunication.
