

# Infocommunications Journal

A PUBLICATION OF THE SCIENTIFIC ASSOCIATION FOR INFOCOMMUNICATIONS (HTE)

June 2025                      Volume XVII                      Number 2                      ISSN 2061-2079

Authors, co-authors of the June 2025 issue .....	1
<i>PAPERS FROM OPEN CALL</i>	
Validation Methodology of Wireless Brain-Computer Interface for Event-Related Potential Application ..... <i>Ádám Salamon, Gábor Takács, and György Bognár</i>	2
Masked Face Image Inpainting Based on Generative Adversarial Network ..... <i>Qingyu Liu, Lei Chen, Yeguo Sun, and Lei Lius</i>	11
Monitoring the Semantic Change of COVID-19-related Expressions Using Dynamic Word Embeddings ..... <i>Bogdán Asztalos, and Péter Bányász</i>	20
A Comparative Analysis of Static Word Embeddings for Hungarian ..... <i>Máté Gedeon</i>	28
IP Packet Forwarding Performance Comparison of the FD.io VPP and the Linux Kernel ..... <i>Melinda Kosák, and Gábor Lencse</i>	35
Multipath Rate Control for Real-Time Media ..... <i>Balázs Kreith and Árpád Drozdy</i>	45
Completion Time Prediction of Open Source FaaS Functions ..... <i>David Balla, Markosz Maliosz, and Csaba Simon</i>	53
Framework for Intrusion Detection in IoT Networks: Dataset Design and Machine Learning Analysis ..... <i>Mansour Lmkaiti, Ibtissam Larhlmi, ..... Maryem Lachgar, Houda Moudni and Hicham Mouncif</i>	61
Multi-photon QKD for Practical Quantum Networks ..... <i>ANitin Jha, Abhishek Parakh, and Mahadevan Subramaniam</i>	72
Mode Selection in Mode Division Multiple Access System for In Building Solution in Mobile Networks ..... <i>Ahmed S. Mohamed, and Eszter Udvary</i>	83
On the Enhancement Anomaly Detection for RF Bio-Sensors by Computing Artificial Networks Using Machine Learning Techniques ..... <i>Raya Adel Kamil, Saif Mohamed Baraa Alsabti, Rusul K. Abdulsattar, ..... Ammar H. Mohammed, and Taha A. Elwi</i>	89
Constrained LS Channel Estimation for Massive MIMO Communication Systems ..... <i>Muhammad Ahsan Shaikh, Tayyab Ahmed Shaikh, ..... Sadiq Ur Rehman, and Halar Mustafa</i>	96
<i>CALL FOR PAPER / PARTICIPATION</i>	
EEE ICC 2026 / IEEE International Conference on Communications Glasgow, Scotland, UK .....	105
<i>ADDITIONAL</i>	
Guidelines for our Authors .....	104

## Who we are

Founded in 1949, the Scientific Association for Infocommunications (formerly known as Scientific Society for Telecommunications) is a voluntary and autonomous professional society of engineers and economists, researchers and businessmen, managers and educational, regulatory and other professionals working in the fields of telecommunications, broadcasting, electronics, information and media technologies in Hungary.

Besides its 1000 individual members, the Scientific Association for Infocommunications (in Hungarian: HÍRKÖZLÉSI ÉS INFORMATIKAI TUDOMÁNYOS EGYESÜLET, HTE) has more than 60 corporate members as well. Among them there are large companies and small-and-medium enterprises with industrial, trade, service-providing, research and development activities, as well as educational institutions and research centers.

HTE is a Sister Society of the Institute of Electrical and Electronics Engineers, Inc. (IEEE) and the IEEE Communications Society.

## What we do

HTE has a broad range of activities that aim to promote the convergence of information and communication technologies and the deployment of synergic applications and services, to broaden the knowledge and skills of our members, to facilitate the exchange of ideas and experiences, as well as to integrate and

harmonize the professional opinions and standpoints derived from various group interests and market dynamics.

To achieve these goals, we...

- contribute to the analysis of technical, economic, and social questions related to our field of competence, and forward the synthesized opinion of our experts to scientific, legislative, industrial and educational organizations and institutions;
- follow the national and international trends and results related to our field of competence, foster the professional and business relations between foreign and Hungarian companies and institutes;
- organize an extensive range of lectures, seminars, debates, conferences, exhibitions, company presentations, and club events in order to transfer and deploy scientific, technical and economic knowledge and skills;
- promote professional secondary and higher education and take active part in the development of professional education, teaching and training;
- establish and maintain relations with other domestic and foreign fellow associations, IEEE sister societies;
- award prizes for outstanding scientific, educational, managerial, commercial and/or societal activities and achievements in the fields of infocommunication.
